Projects

Porsche: H1 2026 Margin Recovery | PostgreSQL, Excel, Power BI (DAX), Python | 2026 | Project link

- Analyzed Porsche's H1 2026 margin recovery, adjusting for one-off items to show underlying profitability and the impact of pricing and volume changes.
- Built an end-to-end analysis with PostgreSQL, Excel revenue bridges and a Power BI dashboard, reconciling performance across multiple data sources.

L'Oréal: From AI Discovery to Measurement | Excel, Business Analytics | 2026 | Project link

- Analyzed five years (2021–2025) of L'Oréal public disclosures, separating reported from like-for-like growth and comparing e-commerce and total sales CAGRs (9.36% vs. 8.08%).
- Designed a six-layer framework linking AI answer visibility to incremental sales and repeat purchases.
- Proposed a test/control market pilot for ChatGPT ad placements, with statistical power requirements and decision rules, benchmarked against Eurostat and FRED data.

Work Experience

Benefits Operations Administrator | TriNet Zenefits | Hyderabad, India | Aug 2024 – Apr 2025

- Cut issue resolution time by 35% by standardizing escalation workflows with HR, payroll and IT, handling ~25 Salesforce, ServiceNow and JIRA cases daily within a 48-hour SLA.
- Reduced benefits discrepancies by 20% by reconciling HRIS, payroll and carrier data across 10+ system integrations and fixing the root causes of recurring feed errors with IT.
- Managed enrolments, life events and terminations across medical, dental, vision, FSA and HSA plans, and ran ~20 COBRA cases per month.
- Owned team SOPs and trained 5 new hires on benefits processes, systems and compliance.

Senior Claims Associate | Optum Global Solutions | Hyderabad, India | Sep 2022 – Jul 2024

- Reduced recurring adjudication errors by ~20% by introducing rejection-trend tracking across ~150 claims audited weekly.
- Built weekly SLA and exception reports in Excel covering 500+ claims for 4 team leads and presented findings in PowerPoint to flag bottlenecks early and reduce rework.
- Ran root cause analysis on billing discrepancies and rejection patterns and put corrective actions in place that reduced escalations.
- Trained 20 new hires on claims workflows, systems and compliance.

Analyst | Northern Trust | Pune, India | Jan 2022 – May 2022

- Processed 100+ securities transactions daily in Excel and internal systems within strict regulatory and SLA deadlines.
- Reconciled daily transaction data to catch discrepancies before cut-off, maintaining 100% accuracy and prepared weekly exception reports.

Claims Associate | Legato Health Technologies | Hyderabad, India | Dec 2020 – Dec 2021

- Processed 500+ Medicare and Medicaid claims monthly in line with HIPAA.
- Resolved 20+ coordination-of-benefits cases monthly by determining which insurer pays first, reducing disputes and rework.
- Resolved 25–30 escalated complex claims per month, including appeals and provider submissions.
